

320 Acres of Wheat Land IN WESTERN CANADA WILL MAKE YOU RICH

Fifty bushels per acre have been grown. General average greater than in any other part of the continent. Under new regulations it is possible to secure a homestead of 160 acres free, and additional 160 acres at \$3 per acre.

"The development of the country has made marvelous strides. It is a revelation, a record of conquest by settlement that is remarkable."—Extract from correspondence of a National Editor, who visited Canada in August last.

The grain crop of 1908 will net many farmers \$20.00 to \$25.00 per acre. Grain-raising, mixed farming and dairying are the principal industries. Climate is excellent; social conditions the best; railway advantages unequalled; schools, churches and markets close at hand. Land may also be purchased from railway and land companies.

For "Last Best West" pamphlets, maps and information as to how to secure lowest railway rates, apply to Superintendent of Immigration, Ottawa, Canada, or the authorized Canadian Government Agent:

NEEDS MUCH CARE

SEWING MACHINE MUST BE KEPT IN ORDER.

Careful Dusting and Oiling Imperative
—Small Bellows Will Be Found
Useful to Remove Dirt from
Crevices.

Women who do not thoroughly understand the sewing machine often blame the manufacturer when the fault of stiff running can be traced to not keeping the machine clean.

Most persons think that liberal doses of oil are all that is necessary. Too much oiling is injurious and oil where there has not been careful dusting is worse than none at all.

It is not enough to give a surface dusting; the cracks and crevices must be kept clean. This cannot be done with a cloth. Instead use a coarse silk thread, to draw back and forth through cracks to get out fine dirt that cannot otherwise be removed.

The work of cleaning a machine is lessened if a small bellows is kept in one of the drawers and the fine lint, threads and ravelings are blown out of the crevices. This should be done every day that the machine is in use.

Care should also be taken that pins and needles do not slip into the shuttle part of the machine, as often they clog it and the cause cannot be discovered for some time.

It is a mistake to use a cheap oil as it cakes and makes the parts sticky. Never let the machine stand uncovered when not in use; and guard carefully from dampness.

Rubbing the running strap occasionally with a little vaseline or oil will make the leather wear longer.

Norcross Buns.

Sift into a large bowl one quart of flour, one-half cup of sugar, one-half teaspoon salt. Melt one-quarter cup butter in one-half pint warm milk and add to dry ingredients, with the beaten yolks of two eggs. Add one-half yeast cake dissolved in a little warm water, one-half nutmeg, grated, and the whites of the eggs beaten stiff. Cover bowl with clean cloth and put in a warm place to rise over night. In the morning take pieces of dough the size of an egg and mold into round cakes. Place in buttered tin, leaving a little space between them. Cover and put in warm place to rise. They should be about double original size. With a sharp knife cut a cross on top of each bun. Bake them in a moderate oven about one-half hour. When done brush the tops with a syrup of sugar and water. A cup of dried currants may be added at pleasure.

Mashed Potatoes Baked.

Boil some potatoes, with a little salt in the water, till they are tender; then drain them, and when quite dry pass through a wire sieve or mash them in the saucepan; season with a little warm butter and a little milk, to make them moist, when they are well mixed roll into a ball, place it on a buttered tin, and draw it up into a loaf or beehive shape with a knife or a fork; sprinkle it over with browned breadcrumbs, made from crusts of bread baked, crushed up, and rubbed through a sieve.

Cook the potatoes in the oven for about 20 minutes with a few little pieces of butter placed here and there on them. When a pretty color dish up, lightly sprinkle a little parsley over, and serve while hot.

Scrambled Eggs with Peas.

Take six eggs, one tablespoonful of butter, three tablespoonfuls of milk, salt and pepper, and one-half pint of cooked peas. Heat butter and milk in pan. Break eggs in pan and stir until mixture thickens. Drain off liquid from hot peas, which are in another pan, and stir them in eggs. Serve hot.

BREAKS A COLD PROMPTLY

The following formula is a never failing remedy for colds:

One ounce of Compound Syrup of Sarsaparilla, one ounce Toris Compound and one-half pint of good whiskey, mix and shake thoroughly each time and use in doses of a table-spoonful every four hours.

This if followed up will cure an acute cold in 24 hours. The ingredients can be gotten at any drug store.

Girl's Head Encrusted—Feared Loss of All Her Hair—Baby Had Milk-Crust—Missionary's Wife Made

Two Perfect Cures by Cuticura.

"For several years my husband was a missionary in the Southwest. Every one in that high and dry atmosphere has more or less trouble with dandruff and my daughter's scalp became so encrusted with it that I was alarmed for fear she would lose all her hair. After trying various remedies, in desperation I bought a cake of Cuticura Soap and a box of Cuticura Ointment. They left the scalp beautifully clean and free from dandruff, and I am happy to say that the Cuticura Remedies were a complete success. I have also used successfully the Cuticura Remedies for so-called 'milk-crust' on baby's head. Cuticura is a blessing. Mrs. J. A. Darling, 310 Fifth St., Carthage, Ohio, Jan. 20, 1908."

"Nails."

"Nails are a mighty good thing—particularly finger nails—but I don't believe they were intended solely for scratching, though I used mine largely for that purpose for several years. I was sorely afflicted and had it to do. One application of Hunt's Cure, however, relieved my itch and less than one box cured me entirely."

It's Dangerous.

To neglect a cold the results are too often very serious. Bronchitis, Pleurisy, Pneumonia and Consumption are frequently the consequences. Upon the appearance of a cold, sore throat or chest, use Simmons' Cough Syrup. It soothes the irritation, loosens the phlegm and promptly cures you.

What a splendid thing it would be if people who lose their tempers were unable to find them again!
